THURSDAY, JANUARY 15, 1891.

Assumptions of the Republicans.

Underlying the force bill are certain assumptions which have characterized the policy of the Republican party, and which might serve to show that that party is not nationally patriotic, but sectional and unpatriotic. We name some of these assumptions and tell to what they have led.

The first assumption and the foundation one is that the Republican party has a divine right to rule. The pretensions of the Democrats, of course, are not so high. They claim to be the party of the people, and that they are the party of the nation. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

The second assumption of the Republicans is that the Democratic party is a party of the people, and that they are the party of the nation. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

The third assumption of the Republicans is that the Democratic party is a party of the people, and that they are the party of the nation. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

The fourth assumption of the Republicans is that the Democratic party is a party of the people, and that they are the party of the nation. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

The fifth assumption of the Republicans is that the Democratic party is a party of the people, and that they are the party of the nation. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

The sixth assumption of the Republicans is that the Democratic party is a party of the people, and that they are the party of the nation. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

The seventh assumption of the Republicans is that the Democratic party is a party of the people, and that they are the party of the nation. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

The eighth assumption of the Republicans is that the Democratic party is a party of the people, and that they are the party of the nation. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

The ninth assumption of the Republicans is that the Democratic party is a party of the people, and that they are the party of the nation. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

The tenth assumption of the Republicans is that the Democratic party is a party of the people, and that they are the party of the nation. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

The eleventh assumption of the Republicans is that the Democratic party is a party of the people, and that they are the party of the nation. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

The twelfth assumption of the Republicans is that the Democratic party is a party of the people, and that they are the party of the nation. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

The thirteenth assumption of the Republicans is that the Democratic party is a party of the people, and that they are the party of the nation. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

The fourteenth assumption of the Republicans is that the Democratic party is a party of the people, and that they are the party of the nation. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

The fifteenth assumption of the Republicans is that the Democratic party is a party of the people, and that they are the party of the nation. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people. The Republican party, on the other hand, claims to be the party of the South, and that they are the party of the South. This assumption has led to the most flagrant violations of the law and to the most flagrant violations of the rights of the people.

upon resources, and our obligation to make new streets and to extend and improve old ones superior to any new claim upon us.

We must keep up our thoroughfares. There is no economy in allowing them to "run down," as some of them are now. Besides the growth of Richmond requires new streets. As we have said over and over again the least Richmond can do to provide that corporate enterprise in street improvements shall keep pace with private enterprise in building houses.

It follows, therefore, that the next large special appropriation made by the City Council should be for streets.

It may or may not be true that the city will lose out because of the gas-works when electric-light becomes cheaper.

As we understand, the works are now run to their fullest capacity, and if we remember aright the Committee on Light has repeatedly urged the City Council to reduce the price of gas from \$1.50 to \$1.25 per thousand cubic feet. At \$1.25 the expenses of the city would be paid, and the liberal return would be made to the city for the money it has invested in the plant and in the laying of mains, etc. With gas at \$1.25 we believe the works will have all the customers they may require.

But what of the revenue that may be lost to the city?

If any loss it will go into the pockets of our merchants, manufacturers, and other business-men--to all, indeed, who get light at a lower price.

It will be a burden shifted from their shoulders, and the City Council will have to place it where of right it belongs.

It seems to us that upon a careful survey of the whole situation the City Council will be compelled to allow competition in the matter of furnishing electric-light to private consumers.

The Silver Bill's Operation.

I hope, Mr. Editor, you will not consider me as posing on your Cleveland manor, and thrusting out, if I make a brief comment on your remark in the morning paper that "it is not certain that Mr. Cleveland has not somewhat changed his opinion upon the" (monometallic) question. I have never seen a contradiction of the report that he was dissatisfied with his Secretary of the Treasury's utterance on the subject.

I leave to say that only a few days ago I read in the report of one of Senator Vest's speeches in the Senate, that I now remember as a distinct disclaimer of Mr. Cleveland had expressed to him any dissatisfaction with the utterances with his Secretary Mr. Morgan.

Question. This is the report to which I presume you allude.

And it is pertinent to venture an adverse opinion, I would beg leave to reply to your remark in the same editorial that, "if the free coinage of silver be rejected by the House, the Democratic party, as a party, will be ruined."

By the House, the Democratic party, as a party, will be ruined. This is the report to which I presume you allude.

Lynchburg--or was it Richmond man? Mr. Blair is not so big a fool as he seems to be. Seriously, we rather sympathize with the old Senator, and we doubt whether his successor will credit him with the only reason, only--namely, that CHARLTON desired him to be reflected.

Commander SETH, of the Maryland cutter, is so disgusted with the illness that attends his faithful labors that he is ready to resign his position.

If malice and misrepresentation can win Mr. INGLE a reelection to the Senate, his exploit of yesterday should give him a "walkover."

When will the West-End market be completed?

A FINANCIAL BREEZE.

An Effort to Obtain Control of Savings-Bank, Loan and Improvement Co.

(Special telegram to the Dispatch.)
 DANVILLE, Va., January 14.--Quite a breeze was raised in financial circles today when it became known that an effort was being made among certain gentlemen to get a controlling interest in the Danville Savings-Bank, Loan and Improvement Company. The company, which has a capital stock of \$300,000 or more, and is doing a good business. Another company, the Danville Loan and Improvement Company, is also doing a good business. The two companies are both doing a good business. The two companies are both doing a good business.

It is not certain that Mr. Cleveland has not somewhat changed his opinion upon the (monometallic) question. I have never seen a contradiction of the report that he was dissatisfied with his Secretary of the Treasury's utterance on the subject.

I leave to say that only a few days ago I read in the report of one of Senator Vest's speeches in the Senate, that I now remember as a distinct disclaimer of Mr. Cleveland had expressed to him any dissatisfaction with the utterances with his Secretary Mr. Morgan.

WHAT TAKES THEM OFF?

The Alarming Increase of Pneumonia and What It Means--"The Stillest in Time."

Scarcely a day passes that one does not hear of men and women who we picture as the perfection of health and strength being stricken down by the terrible disease pneumonia. Perhaps the greatest cause of pneumonia in this country is the extreme difference in temperature between the interiors of offices and homes and the exterior air. So long as people continue to necessary for their comfort to maintain a hot-house temperature indoors, when the mercury is very low outside, so long will pneumonia find victims.

The greatest cause and prompt measures should be taken upon the first approach of the slightest symptoms of pneumonia. If you have a tickling in the throat, a tightness in the chest, a pain in the head, a slight fever, or pains throughout the body, stop promptly, and wait for an immediate relief. This can sometimes be accomplished by quick and violent exercise, but that is exhausting and wastes the strength, which should be husbanded. A far better plan is to take a pure and strong stimulant, which will tend to equalize the circulation, check congestion, and restore the system. This is the only medicinal whiskey upon the market, and its purity and power are proven by its popularity. It is the only medicinal whiskey upon the market, and its purity and power are proven by its popularity. It is the only medicinal whiskey upon the market, and its purity and power are proven by its popularity.

BURNETT LEWIS,
 Proprietor Palais Royal.

THE TOWER,
 CORNER SECOND AND BROAD.

JULIUS SYCLE & SON, Proprietors.

They all cry tariff, but if you see the prices we are selling HAMBURG at will find it wonderful to you.

CAMBRIC, NAINSOOK AND SWISS EDGES.
 Cambric Edge 30c. a yard, would be 30c. with new tariff.
 Cambric Edge 10c., would be 10c. with new tariff.
 Cambric Edge 15c., would be 15c. with new tariff.

BARGAINS IN NAINSOOK EDGES AT 20c. and 25c. all worth more money.
 You will ask how we sell HAMBURG so much cheaper than our competitors. Our answer is simple. We bought these goods before the tariff went into effect.
